

On Wednesday the 26.09.2019 we met at 9:15 am at the train station in Stirling and then took the train to Edinburgh.

When we arrived in Edinburgh, we did a city tour, but during the tour all Germans lost the group.

Then we went to a souvenir shop and bought souvenirs.

After that we were all eating in a restaurant.

After the meal we had free time, we were in the shop kingdom of sweets in Princess Street.

At 2 o'clock we met at the Edinburgh Dungeon and went, together with a few Finns, Austrians and Scots, into the dungeon,

It was a bit scary but also funny.

When we got out of the dungeon, we went to the train station and travelled back to Stirling.

Jerome

The best day in Scotland was the day we were in Edinburgh. First we visited a building from Harry Potter. After that we went shopping with our [groups](#). My favourite shop was kingdom of sweets where we bought lots of sweets. Finally we visited the [dungeon and it](#) was very creepy. I took 2 hours until we came out. And we took the train and got back to Stirling

Wednesday

Wednesday was the one I like the best. First we met early in the morning at 9.15 am at the train station and took the train to Edinburgh. When we arrived we walked down the Princes Street, and saw a lot of things. After we had look around the city we went to Frankie and Bennis to eat I, it was very tasty. When we had finished eating, we had free time and then we went to a big candy store, the shop called Kingdom of sweet. In this shop there a lot of things, which are not available in Germany. Afterwards we went to the Dungeons it was very exciting and creepy. At 4:20 pm we took the train back to Stirling. When we arrived it started to rain which wasn't good, because we were invited to a BBQ by Mia (a girl from Scotland). 20 minutes later we were at Mia's home and we went into her garden house. A short time later we ate burgers and some candy.
